

1067    SAN GABRIEL MISSION.    FOUNDED IN CALIFORNIA 1771.

The unique architecture of San Gabriel Mission is shown in its flying buttresses, outside stairway and in the bell tower with its several arches built to correspond to the different sizes of the bells. For many years until the Pueblo de Los Angeles built a church, the largest bell was rung two hours before the services to give the settlers ample time to arrive in their oxcarts.

POST CARD

Thanks you so much  
for mail note of approx-  
imate Feb. 11 arrival  
here to visit Helen &  
Peggy the 14th. It is  
very warm here just for me  
Best wishes -

A. S. Johnson

Mr. S. Yates,  
112 Locke Ave.,  
Ocean Grove,  
New Jersey.
